

AUDIRI APP

The Audiri App (formerly SkoolBag) is a valuable tool to update our families on College news and information such as upcoming events, school activities and changes in sport fixtures. It also allows parents to notify the College of absentees and view our sport fixtures, website and Newsletter.

IMPORTANT - Please Read

If there is an emergency at the school and we are unable to access parent records, Audiri will be our only form of communication. We highly recommend you download the App and ensure your profile details are correct and up to date.

Set-up Instructions

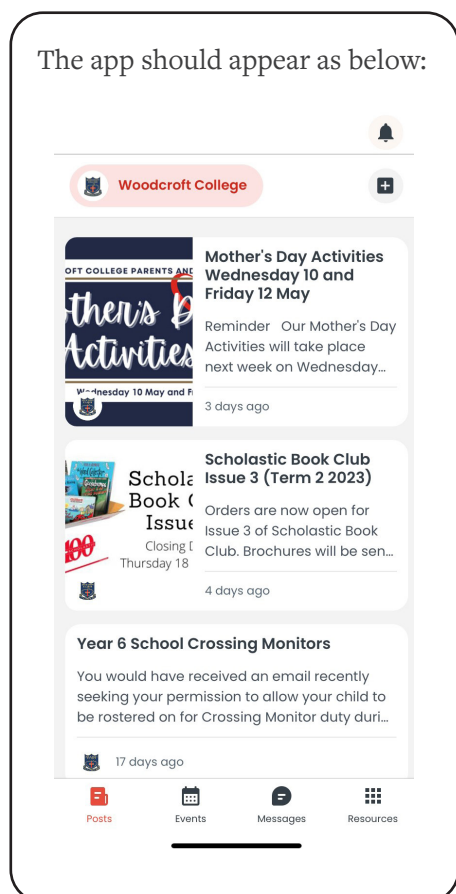

To download the Audiri App, please visit the Google Play (Android) or App Store (Apple) and search 'Audiri'.

It should appear with this icon

Once downloaded, log-in with your existing account or if you are new to Audiri, create a new account. At the bottom of the screen, hit 'Resources', then hit 'My Schools' and search for Woodcroft College under 'Add a School'.

The app should appear as below:

Groups

To ensure you are receiving information relevant to your child's year level or sport, please select 'Resources' from the bottom menu and select 'Groups'. Toggle on any groups you wish to receive notifications for.

Please keep in mind that you will need to update your chosen groups when the new school year commences and your child moves to a new year level.

Notifications and Emails

When the College posts a new notice to the app, you will be notified via email and a push notification on your device. To ensure you receive push notifications, please navigate to your phone's App settings and ensure notifications are allowed on your device:

Android: Settings > Apps > Audiri > Notifications > Allowed

Apple: Settings > Notifications > Audiri > Allow Notifications

Absentees

You are able to use Audiri to notify the College when your child is sick and unable to make it to school. Select 'Resources' from the bottom menu and select 'Forms', then 'Absentee Form'. Complete and sign the eform and hit 'submit'.
