

MARK PORTER ACADEMIC ENTRY AWARD SCHOLARSHIP INFORMATION AND CRITERIA

Year 7 2026

This scholarship was created to honour the significant contribution made by Mark Porter over the term of his 30 year relationship with the College.

Each year the College will award two scholarships to current or new Year 7 students entering Middle School based on academic achievement.

Based on application this scholarship will provide for the remission of 25 percent of the annual student charges each year of the student's schooling at Woodcroft College.

Student written applications for both scholarships should be addressed to the Principal and include the following:

- Provide copy of end of year school report from previous year and current report (if available) or other evidence of academic achievement.
- Intended commitment to academic endeavours at Woodcroft College.
- Character reference from current teacher.
- Supporting letter from parent.
- Aspirations for the future.

If the selected applicant is currently at another school and has not registered or accepted a place at Woodcroft College for Year 7 2026, a Registration of Interest must be submitted. Please contact our Enrolments Manager, Tracy Bonser at enrolments@woodcroft.sa.edu.au or call 8381 0491 for more information. The selected applicant will also be required to meet with the Principal for an interview as a standard part of the College enrolment process. Parents will be asked to complete an online Enrolment Information form before the interview.

Please note that International Students cannot apply for scholarships.
