

## COLLEGE SUPPLIED RESOURCES FOR YEAR 10

This document provides information on the 2026 resources for Mathematics and Science for students in Year 10.

As all students in Year 10 have laptops, electronic resources provide greater interaction, depth and breadth of content than the physical textbooks. Students will not have to carry bulky textbooks and costs to parents will be reduced as the College can purchase bulk subscriptions.

Each student will receive access to relevant resources during their first week of Term 1, 2026 with the yearly cost of these resources added to your Term 1 fees.

The resources (with prices) are:

Mathematics	Cambridge Digital Text	\$30.00
Science	Stile (Cosmos Online)	\$44.00

There are other relevant texts and stationery requirements to be ordered through Campion. A separate information sheet is included in your Orientation Pack.

Please **DO NOT** purchase second-hand textbooks for Year 10 as these books will not align with the online resources and courses being taught in 2026.
